THIS WEEK

IN BRIEF

It's exactly a year ago, in July, when Accra Technical University appointed its first substantive Vice Chancellor, Prof. Samuel Nii Odai. The appointment was heralded by a historic turn of event as the Institution transited from a Polytechnic to a fully-fledged University.

VC Celebrates one year in Office

It's exactly a year ago, in July, when Accra Technical University appointed its first substantive Vice Chancellor, Prof. Samuel Nii Odai. The appointment was heralded by a historic turn of event as the Institution transited from a Polytechnic to a fully-fledged University.

A year in office has been characterised with tremendous strides and renewed energy to serve and advance the core mandate of the University.

From a rousing welcome, climaxed with a colourful unveiling to the University community and beyond, the Vice Chancellor wouldn't have felt any better at any place than the Premier Technical University. Such bliss from a united family of intellectuals and dedicated individuals constitute the success chalked so far.

The Vice Chancellor extends his heartfelt appreciation to all and sundry who has been a part of this beautiful journey. More, so, the great impact made by University members to help steer the affairs of the University.

Just like Oliver Twist, we should ask for more and that means more of excellence, innovative ideas and sheer

collectiveness to achieve the short term and long term goals of the University.

The current prospects of the University promises an exciting future for Technical Education in the country and beyond and we couldn't be more proud for being the frontliners and pioneers of this dream.
